

## Consultant Talend (m/w/d)

Stronger Partnerships. Smarter Business. Our success on the market speaks for itself – success by enthusiastic customers. Our clients include national and international leading companies as well as outstanding medium-sized companies. We combine our passion for IT with strategic thinking, precision, speed and flexibility, but always keeping an eye on innovation, quality and customer needs. We are strong partners for our clients and set new standards through sustainable success.

We satisfy with highly motivated, powerful teams. Working at eye level with our customer is important for us. Within the company, we actively live the team spirit. That means being there for each other, in every situation, with a highly mutual appreciation. And as well, the nice things in life should not be neglected. But let yourself be surprised by our spirit.
